.....APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

.....This permit is issued subject to existing rights. It is understood that the
 amount of water herein granted is only a temporary allowance and that the final water
 right obtained under this permit will be dependent upon the amount of water actually
 placed to beneficial use. It is also understood that this right must allow for a
 reasonable lowering of the static water level. This well shall be equipped with a
 two (2) inch opening for measuring depth to water. If the well is flowing, a valve
 must be installed and maintained to prevent waste. A totalizing meter must be in-
 stalled and maintained in the discharge pipeline near the point of diversion and
 accurate measurements must be kept of water placed to beneficial use. The totalizing
 meter must be installed before any use of water begins, or before the Proof of Comple-
 tion of Work is filed. This source is located within an area designated by the State
 Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use
 of the water herein granted at any and all times.

.....The total combined amount of water granted under this permit and Permit 36409
 is limited to what the well covered under the two permits is capable of producing.
 If certificates of appropriation are issued under this permit and Permit 36409, the
 total combined amount of appropriation granted in said certificates shall not exceed
 what the well covered under the two permits is capable of producing.

.....The water allowed under this permit is intended only for environmental stabili-
 zation, including dust and erosion control, in the vicinity of the Winnemucca
 Municipal Airport, and in no case may be used for agricultural purposes:

.....The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
 not to exceed.....6.0.....cubic feet per second, but not to exceed
a yearly duty of 1,960 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before.....February 7, 1981

Proof of commencement of work shall be filed before.....March 7, 1981

Work must be prosecuted with reasonable diligence and be completed on or before.....February 7, 1982

Proof of completion of work shall be filed before.....March 7, 1982

Application of water to beneficial use shall be made on or before.....February 7, 1984

Proof of the application of water to beneficial use shall be filed on or before.....March 7, 1984

Map in support of proof of beneficial use shall be filed on or before.....March 7, 1984

Commencement of work filed.....APR 7 1981

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No.....Issued.....
